

KEEP YOUR PROFITS ON:

- SERVICE CONTRACTS
- GAP
- KEY
- TIRE & WHEEL

Our unique dealer program eliminates the need to reserve funds for cancellations that occur 90 days after the sale.

You and your F&I Department will have peace of mind and know that the sale is complete.

How Do We Do This?

- 1 We service your store with a program from one of our Administrator partners.
- 2 Sign up for our profit protection program and agree to let us service a significant portion of the business written at your dealership for the F&I product(s) category being protected.
- 3 We include a nominal price increase to the cost paid to our Administrator partner. Over ten years of historical data allows us to provide this service with an insignificant cost.
- 4 All business produced according to the terms of our DPPP dealer agreement are protected.
- 5 A cancellation occurs due to a loss or other circumstance. Once a contract is canceled, our Administrator credits (or refunds) their portion of the customer refund to you.
- 6 We write you a check for the portion of the customer refund that you pay after receipt of the paperwork. We pay up to \$1000 of your portion for service contract refunds and up to \$600 of your portion for GAP, Key and Tire & Wheel contracts.

Local agent contact information is available at CBAMONEY.com or contact our sales office at 866.788.4343 - email info@CBAMONEY.com.
